Welch, Francis X.: The threshold of a new world, Sept. 29, p. 26.

IN THE NATION'S CAPITAL: New REA administrator, David A. Hamil, holds first press conference. FCC plans to make UHF television more widely used. The telephone is playing an important role in drumming up votes for major parties, July 7, p. 17. . . . Changes in FCC accounting rules will result in savings to Class A and B companies reporting to commission. New law protects public against fraudulent stock promoter if international telephone call is used. Courts will probably get appeal from Louisiana commission's decision ordering Bell to reduce rates. REA telephone loans on the increase, July 14, p. 17. . . . Award contracts to investigate use of telephone systems and power lines to transmit warning signals in case of enemy attack. Comments on side issue of Southern Bell T&T strike convictions. FPC rules on accelerated depreciation. Socialists reported in state of disillusionment, July 21, p. 17. . . . Reviews record of 84th Congress. Comments on AT&T's plan to sell 5¾ million shares to present stockholders on a 1-for-10 basis. Explores need for democracy in strike votes, July 28, p. 17.

Gives last look to performance of 84th Congress. Finds lack of informed writing on American private enterprise system — recommends Hazlitt's "Free Man's Library" bibliography. Demolishes anti-commission regulation writer's criticisms, Aug. 4, p. 17. . . . Justice Department and House Committee in argument whether to make details of AT&T-Western Electric antitrust suit settlement public. FCC expects strong reaction to its proposal to shift nation's television operations to UHF, Aug. 11, p. 17. . . . Decision of AFL-CIO leadership not to throw its weight around in the Democratic party good move for labor and private enterprise. NARUC convention devoid of reports, speeches and discussions of direct or special application to telephone industry. FCC examiner rules telephone company can enter one-way radio-paging service field, Aug. 18, p. 19. . . . "Who liveth by the sword!" Law abiding union members are urged to consider the discredit that comes to themselves and to their organizations when a minority in their ranks or outsiders commit vandalism and violence in strikes, Aug. 25, p. 17.

Reviews Republican and Democratic platforms. Forty-seven states adopt laws to punish long distance cheaters, Sept. 1, p. 17. . . . Covers annual convention of American Bar Association. Public utility law section of ABA discusses subjects of interest to telephone companies. D. C. Power, president of General Telephone Corp., elected chairman of public utility law section, Sept. 8, p. 17. . . . Utility employes asked to compare their status with those of government-owned systems. Virginia paper plugs for telephone fire alarm system. Welch not impressed with claim that 1956 presidential campaign will be "dirtiest of all," Sept. 15, p. 21. . . . Sees FCC adopting proposed accounting rule change covering telephone station apparatus. Congressional investigations into TV and radio putting big load on FCC personnel, chairman McConnaughey says. SEC questions gas and electric companies on proper ratio of debt to equity capital, Sept. 22, p. 21.

Trend toward reduction of number of farms should be considered and studied by telephone industry. Increase in social calls to Europe seen as result of transatlantic cable. . . . Should mean greater traffic of this type for Independent companies. Two large independent unions plan merger, Oct. 6, p. 17. . . . Demonstration of so-called "electronic brain" at Naval Research Laboratory convinces Welch that electronics will have considerable effect on the type and amount of telephone plant within next decade. Bell company and REA co-op to end duplication of service, Oct. 13, p. 21. . . . FCC radio order favors telephone company operations. Report results of REA quiz of Independents. D. C. Power inducted into Newcomen Society of North America. RCA's board chairman, David Sarnoff, forecasts the electronic future, Oct. 20, p. 17.

Welch, at USITA convention, noted new air of dedication—attitude of serious, progressive purposefulness, born of pressure of important technical and economic events. REA Telephone Advisory Committee discusses questionnaire results. TV antenna system found not a utility business, Nov. 3, p. 17. . . . Comments on Southern Bell T&T company rate case in Louisiana. FPC confirms precedent of cost base rate making. Offers suggestions for speeding up FCC procedure, Nov. 10, p. 19. . . . Analyzes results of national election, including meanings behind various majorities and import for public utilities. D. C. circuit court rules in favor of "Hush-a-Phone," Nov. 17, p. 17. . . . Utilities—both commercial and cooperatives — emphasizing need for change in state laws to permit reimbursement for relocation costs due to federal highway construction. SEC studies use of telephone by "boiler-room" stock promoters, Nov. 24, p. 17.

SEC inquires into the question of relative proportion of debt and equity of gas and electric utility financing. Reduction in Bell System pension to offset Social Security payment increases upheld. Automation subject of book on six lectures presented at University of Oxford, Dec. 1, p. 17. . . . Latest request of New York Tel. Co. (Bell) for rate increase means a showdown on basing rates on replacement cost vs. original cost. House committee hears testimony on excise taxes. NLRB issues unfair labor practice complaint against union in Ohio strike, Dec. 8, p. 19. . . . Latest Census Bureau report shows great population growth of suburban areas, many of which are served by Independent companies. . . . It also shows women widening their numerical superiority over men. National Grange backs up telephone co-ops. W. C. Henry testifies for USITA against excise tax on telephone service, Dec. 15, p. 17. . . . Telephone industry opposes FCC move to halt telephone companies from using radio frequencies for their own use in 450-460 megacycle band. Court rules unions have right to distribute literature on employer's premises. New citizens' defense warning device designed for use on electric circuits, Dec. 22, p. 17. . . . Welch makes predictions on Washington developments of interest to telephone companies. Gives himself a score of 75 per cent on forecasts he made for 1956, Dec. 29, p. 9.
